Duties: The work involves responsibility for planning, coordinating and directing overall public works activities. The work is both administrative and technical in nature and is performed under administrative direction in accordance with existing laws, regulations, objectives and policies formulated by the City Council. Considerable leeway is allowed for the use of independent judgment in planning, coordinating and carrying out public works projects and programs. The work is reviewed through conferences and reports. Supervision is exercised over the activities of all subordinate public works employees. Acts as contract administrator for Department of Public Works related work. Coordinates with Federal, State, County, and other local government agencies to assure Department of Public Works activities are in conformance with pertinent laws. The Director of Public Works (City of Olean) does related work as required.

Subjects of examination: A test designed to evaluate knowledge, skills and /or abilities in the following areas:

Maintenance and reconstruction of streets, sidewalks, and curbs - These questions test for knowledge of the proper methods, materials, and equipment used in the installation, repair, and upkeep of street surfaces, utility access holes, gutters, catch basins, curbing, and sidewalks, including ice and snow removal and control.

Maintenance and construction of sanitary and storm sewer systems - These questions test for knowledge of the proper methods, materials, and equipment used in the installation, maintenance, repair, and cleaning of sanitary and storm sewers, catch basins, and related appurtenances; and proper trenching and backfilling procedures.

Safety practices - These questions test for knowledge of and the ability to apply safety principles related to public works construction zones, including traffic control, safe use of equipment, and the overall safety of workers, the traveling public, and the work environment.

Plans, specifications, and technical instructions - These questions test for the ability to understand, analyze, and perform computations based on technical drawings and written presentations related to public works projects. All the information needed to answer the

questions will be provided in the written material and/or drawings.

Scheduling work and equipment - These questions test for knowledge of work scheduling principles and for the ability to arrange work and equipment assignments in a manner that will achieve work goals while staying within scheduling criteria. This may include setting up vacation or work schedules, taking into consideration such factors as seniority, work skills, duty hours, and shift coverage.

Administrative supervision - These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and their subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.
